

# Overview

### **Abstract**

For the validation of microbiological test methods several experiments must be performed to demonstrate that the new method is capable of detecting and counting organisms in test samples and at least as good as the compendial method. To quantify the performance, statistical methods form an indispensable tool. This workshop will provide information on the types of experiments and the statistical analyses that may be performed to estimate the validation parameters of the new alternative or rapid methods. The methods will be illustrated on real cases using software.

# **Target Audience**

This conference is of interest to professionals in microbiology from

- Pharmaceuticals and Biopharmaceutical Companies
- Academic Research Institutions
- Government Agencies
- Contract Service Laboratories

who are involved in implementation and validation of microbiological test methods

Please note that for the participation, a laptop is needed for the practical exercises.

# Programme

### General Part

- Guidelines
- Basic Statistics
- Measurement Analysis
- Equivalence
- Statistical Detection

## **Quantitative Methods**

- Accuracy
- LOD & LOQ
- Linearity
- Precision

### **Qualitative Methods**

- Accuracy
- (Generalized) Most Probable Number
- **I**
- Specificity

# 6

### Prof. Edwin van den Heuvel

University of Technology, Eindhoven, The Netherlands Edwin van den Heuvel is Professor at the TU/e department of Mathematics and Computer Science.

Speakers

Pieta IJzerman-Boon

MSD, The Netherlands

Pieta C. IJzerman-Boon currently works as a Principal Statistician at the Center for Mathematical Sciences.

## **Workshop Dinner**

On 29 June, you are cordially invited to a conference dinner. This is an excellent opportunity to share your experiences with colleagues from other companies in a relaxed atmosphere.

# Book conference and workshop together and save 200 €!

Join us for the European Microbiology Conference 2023 as well as the Post-Conference Workshop at a discount. Find out more about the Conference and register for one or both events by visiting www.microbiology-conference.org

### Date

Thursday, 29 June 2023, 09.00 - 17.30 h (Registration and coffee 08.00 - 08.30 h) Friday, 30 June 2023, 08.30 - 13.00 h All times mentioned are CEST

# Fees (per delegate plus VAT)

ECA Members EUR 1,590.-APIC Members EUR 1,690.-Non-ECA Members EUR 1,790.-EU GMP Inspectorates EUR 895.-
