# Ph. Eur., USP and other Pharmacopoeias

Dealing with different compendial methods

✓ Live Online Training on 17/18 September 2024

# Highlights

- Structure of Ph. Eur. and USP and their enforcement
- Additional Pharmacopoeias around the world Japan, China, India, Int. Ph. (WHO)
- Harmonisation of Ph. Eur., USP, JP
- Ph. Eur., USP Testing for Organic Impurities
- Implementation of ICH Q3D differences and similarities
- Analytical Instrument Qualification according to Ph. Eur. and USP
- Life cycle approach to compendial methods
- Reference Standards similarities and differences
- Verification of Compendial Procedures
- Alternative methods to pharmacopoeial methods
- Equivalence testing of two methods
- Multicompendial Testing Strategies
  - With 2 Workshops
  - Implementation & Comparability of Pharmacopoeial
  - Revised harmonised chapter on chromatographic separation techniques

# Objectives

It is important to understand the structure and the procedures of the different Pharmacopoeias. Some general chapters and the monographs of some widely used excipients have already been harmonised between the most important Pharmacopoeias, USP, Ph. Eur. and JP in the context of the Pharmacopoeial Discussion Group (PDG). But for a large number of general methods differences still exist. Therefore, some of the frequently asked questions are:

- How to use alternative procedures and interchangeable methods?
- What are the allowed exceptions to the obligation to perform all tests?
- How can multi-compendial testing strategies look like?
- How to prove equivalence?

In addition, PDG harmonisation does not include upcoming important pharmacopoeias like Indian and Chinese Pharmacopoeias.

This Live Online Training will discuss these issues and provides support in order to successfully deal with compendial methods and their differences.

# Background

Pharmaceutical companies have to follow Pharmacopoeia standards in order to meet regulatory requirements. However, there is no single Pharmacopoeia which can be applied in all regions. The US FDA may enforce USP monographs which then become mandatory whereas compliance with Ph. Eur. is mandatory in 39 member states and the European Union (EU) and is applied in over 100 countries worldwide. Moreover, also other Pharmacopoeias exist in the world like the Japanese (included in the PDG harmonisation process), Chinese, Russian or Indian Pharmacopoeias.

But what are the differences and how to deal with quality standards and test methods if products are manufactured and released for different markets?

# Target Audience

This Live Online Training addresses employees and managers from Quality Control Labs. It also addresses colleagues working in Quality Assurance and Regulatory Affairs department.

# This Live Online Training Course is recognized for the GMP/GDP Certification Scheme

Building on your education the ECA GMP/GDP certification programmes provide you with the appropriate supplement to acquire this qualification. The Live Online Training is the first element for your additional certification. Simply choose any three courses within the programme according to your professional interest. Your certificate is then valid for two years. To renew it, you can pick any training from the ECA courses and conferences list within that two-years period – allowing you to broaden your knowledge in GMP and GDP compliance. Please find more information at www. gmp-certification.org

# Programme Day 1

### Session 1: Introduction to Pharmacopoeial Testing

Structure, General Methods & Challenges of Ph. Eur. / Structure, Monographs and Activities of USP

- Structure of Ph. Eur. and USP
- Meeting Pharmacopoeial standards and Pharmacopoeial designation
- The USP approach: Single Testing
- Structure of USP monographs:
  - modern monograph
  - flexible monograph
- Structure of Ph. Eur. monographs
- What the Pharmacopoeia does not say about a procedure

Additional Pharmacopoeias around the World – Japan, China, India, Int. Ph. (WHO), BP

- Historical developments
- The development of the International Pharmacopoeia
- JP, ChP, Russian Ph., and IP similarities and differences
- Legal status and enforcement
- WHO Good pharmacopoeial Practices

Q&A Session 1

# Session 2: Important Monographs: Harmonisation, Differences, Solutions

Analytical Instrument Qualification according to Ph. Eur. and USP

- USP General Chapter <1058> Analytical Instrument Qualification and Ph. Eur.
- Type of instruments and risk assessment
- Qualification steps: DQ, IQ, OQ and PQ
- Roles and responsibilities

# Revised Harmonised General Chapter on Chromatography

- History and background of Ph. Eur. 2.2.46, JP <2.00>, USP <621>
- Mechanisms of harmonisation between Pharmacopoeias
- Definitions and adjustment of chromatographic conditions
- Important changes

### Pharmacopoeial Policy of Impurities Testing

- Which impurities are controlled?
- Analytical techniques and general texts/monographs
- Control of organic impurities
- What about validation?

Workshop 1: Reporting Compendial Test Results

Q&A Session 2

# Programme Day 2

### Session 3: Dealing with Testing Challenges

### General Notices – Definitions and Requirements

- Use of alternative procedures & interchangeable methods
- Waivers to the obligation to perform all tests
- Scope of general monographs
- Definitions

### Reference Standards - Similarities and Differences

- Definitions and guidelines
- Legal status of reference standards
- Types of standards
- Establishment and use/Testing and value assignment
- Similarities and differences between pharmacopoeias

# Verification / Implementation of Compendial Procedures

- USP <1226> Verification of Compendial Procedures and Ph. Eur. Chapter 5.26 Implementation of Pharmacopoeial Procedures
- Difference between Verification and Transfer of an analytical procedure
- Chemical vs microbiological procedures
- Minimal performance characteristics to be verified
- What to verify in procedures for high-level (Assay by HPLC) and low-level analytes (Impurities by HPLC and TLC)
- When procedure verification is not required
- Documentation of procedure verification

Q&A Session 3

# Alternative Methods to Pharmacopoeial Methods: Equivalence Testing of Two Methods

- Is a compendial procedure equivalent to an in-house validated procedure?
- Critical performance characteristics to be compared
- Plotting the results of comparative testing
- Traditional way of comparison of two procedures
- Equivalence testing with two one-sided t-test (TOST)

### Multicompendial Testing Strategies

- Divergent and conflicting pharmacopoeial requirements
- CDER's MAPP 5310.7 "Acceptability of Standards from Alternative Compendia"
- How to proceed in case of missing harmonization?
- Full Testing, Worst Case Testing, Alternative Testing
- How to proof equivalence?

Workshop 2: Meeting Challenges of Pharmacopoeial Compliance

### Life Cycle Approach to Compendial Methods

- USP chapter <1220> & Measurement Uncertainty
- USP Chapters <1224>, <1225>, <1226>
- Analytical Target Profile and Analytical Control Strategy
- ICH Q2(R2) Revision
- ICH Q14 Analytical Procedure Development

Q&A Session 4

Participant comment of September 2020 Live Online Training Course: "Excellent Speakers." Dr. Benjamin Schinor, LTS Lohmann Therapie-Systeme AG, Germany

# Speakers

Dr Raphael Bar, BR Consulting, Israel

Dr Bar headed the Analytical R&D Laboratories at Teva Pharmaceuticals and the analytical QC laboratory at Pharmos. He served in the Scientific Advisory Board of global PDA (USA) and is presently a board member of Israel PDA Chapter as well as a member of the organizing committee of the Israel Society for Analytical Chemistry. For the lasts fifteen years, Raphael Bar has been a pharmaceutical consultant for the Pharma and bio-Pharma industries.

Dr Bernd Renger Member of the Analytical QC Working Group of the ECA Foundation, Germany

Dr Bernd Renger started at Hoechst AG. Since then, he has held several quality management positions at Mundipharma, Byk Gulden (now Takeda) and Baxter BioScience in Vienna and Vetter Pharma-Fertigung. He is a member of Analytical QC Working Group of ECA and is Immediate Past Chair of the European QP Association. Dr Renger is presently working as a consultant, auditor and trainer.

Dr Ulrich Rose Former Deputy Head of the European Pharmacopoeia Department, EDQM, France

Dr Rose was Deputy Head of the European Pharmacopoeia Department at the EDQM in Strasbourg and in this context responsible for the preparation of monographs on chemical defined APIs, finished products, herbal drugs & preparations, and general chapters. He was also involved in the harmonization of international pharmacopoeias. Previously, he was responsible for the establishment and control of Ph. Eur. Reference Standards, and later served as coordinator and auditor for EDQM's Mutual Joint Audit Program, which audits Official Medicines Control Laboratories in Europe (OMCLs).

# Reservation Form (Please complete in full)

fthe bill-to-address deviates from the specificaions on the right, please fill out here:

Ph. Eur., USP and other Pharmacopoeias: Dealing with different compendial methods Purchase Order Number, if applicable Company Live Online Training on 17/18 September 2024 Important: Please indicate your company's VAT ID Numbeı ZIP Code Title, first name, surname Department Phone / Fax City Fax +49 (0) 62 21/84 44 34 CONCEPT HEIDELBERG D-69007 Heidelberg P.O. Box 101764

cellation or non-appearance. If you cannot take part, you have to inform us in writing. The cancellation fee will then be calculated according to the point of time at which we receive your message.

In case you do not appear at the event without having informed us, you will have to pay the full registration fee, even if you have not made the payment yet. Only after we have received your payment, you are entitled to participate in the conference (receip for payment will not be confirmed)! (As of July 2022). German law shall apply, Court of jurisdiction is Heidelberg.

CONCEPT HEIDELBERG reserves the right to change the materials, instructors, or speakers without notice or to cancel an event. If the event must be cancelled, estimate will be notified as soon as possible and will receive a full refund of fees paid. CONCEPT HEIDELBERG will not be responsible for discount airfare penalties or other costs incurred due to a cancellation. Terms of payment: Payable without deductions within 10 days after receipt of mportant: This is a binding registration and above fees are due in case of caninvoice.

If you cannot attend the conference you have two options:

1. We are happy to welcome a substitute colleague at any time.

2. If you have to cancel entirely we must charge the following processing fees:

Cancellation until 2 weeks prior to the conference 50 %, Cancellation within 2 weeks prior to the conference 100 %. Cancellation until 4 weeks prior to the conference 10 %, Cancellation until 3 weeks prior to the conference 25 %,

Privacy Policy: By registering for this event, I accept the processing of my Personal Data. Concept Heidelberg will use my data for the processing of this order, for which I hereby declare to agree that my personal data is stored and processed. Concept Heidelberg will only send me information in relation with this order or similar ones. My personal data will not be disclosed to third parties (see also the privacy policy at https://www.gmp-compliance.org/privacy-policy). I note that I can ask for the modification, correction or deletion of my data at any time via the contact form on this website.

### Date of the Live Online Training

Tuesday, 17 September 2024, 09.00 h - 17.30 h CEST Wednesday, 18 September 2024, 09.00 h - 17.15 h CEST

### Fees (per delegate, plus VAT)

ECA Members € 1,690 APIC Members € 1,790 Non-ECA Members € 1,890 EU GMP Inspectorates € 945

The conference fee is payable in advance after receipt of invoice.

### **Technical Requirements**

We use Webex for our live online training courses and webinars. At https://www.gmp-compliance.org/training/ online-training-technical-information you will find all the information you need to participate in our trainings and you can check if your system meets the necessary requirements to participate. If the installation of browser extensions is not possible due to your rights in the IT system, please contact your IT department. Webex is a standard nowadays and the necessary installation is fast and easy.

### Registration

Via the attached reservation form, by e-mail or by fax message. Or you register online at www.gmp-compliance.

### Presentations/Certificate

The presentations will be made available to you prior to the Live Online Training as PDF files. After the event, you will automatically receive your certificate of participation.

### Conference language

The official conference language will be English.

### You cannot attend the Live Event?

We also offer many of the training courses and conferences as recordings. This means that you can watch the videos of the event "on demand" – whenever it suits you - on our web server. It is quite uncomplicated and doesn't require any software - you simply watch the video on your browser. You can find all recorded events at www.gmpcompliance.org/recordings.

### Organisation and Contact

ECA has entrusted Concept Heidelberg with the organisation of this event.

CONCEPT HEIDELBERG P.O.Box 10 17 64 69007 Heidelberg, Germany Phone +49(0)62 21/84 44-0 Fax +49(0)62 21/84 44 34 info@concept-heidelberg.de www.concept-heidelberg.de

For questions regarding content please contact: Dr Andrea Kühn-Hebecker (Operations Director) at +49(0)62 21/84 44 35 or per e-mail at kuehn@concept-heidelberg.de.

For questions regarding organisation please contact: Mr Ronny Strohwald (Organisation Manager) at +49(0)62 21/84 44 51, or per e-mail at strohwald@concept-heidelberg.de.
